

The **software** and **solutions** that **power business.**

BENEFITS

• Manage Affordable Care Act Reporting

Quickly and accurately complete your ACA reporting from within Dynamics SL.

• Save time and Money

Set up each employee quickly and easily pulling data from payroll to easily print reports.

• Pull payroll Information directly

Easily pull one or all employees information into the ACA module as many times as needed. Override and Lock down changes if necessary.

• Find the information you need

Access the data you need with an intuitive graphical user interface exactly like the standard Dynamics SL Interface. Print reports using Crystal Report and the standard Dynamics SL Report Interface.

• Make changes Easily

Need to override information? Easily make changes to ACA information pulled from payroll and lock down so it will not be overwritten.

Information is grouped by company/year and employee.

• Integrate powerfully

Leverage payroll information to produce the ACA reporting. Additional modules allow for preparing the upload file or the Self Insurance format if needed.

Affordable Care Act Reporting

Affordable Care Act Reporting from within Dynamics SL! PCL Affordable Care Reporting allows you to either use existing payroll data for employees, or key in employee data to prepare the 1094-C and 1095-C! Easily reduce your data entry and collection time by hours to meet the new Reporting Requirements!

Affordable Care Module

simplifies the process of entering, viewing and editing the ACA data for employees. Leverage your current payroll data by pulling one or more employee's information directly from payroll. Setup defaults and link to deductions to make data entry easier.
