

BENEFITS

Manage AP more effectively

A utility that allows you to modify AP document text fields that you normally cannot modify in Dynamics SL. You can modify information in both the header and the grid, and it will also update GL.

Maintain security

AP Document Maintenance Plus module uses Dynamics SL standard security to limit access to viewers.

Put your information to work

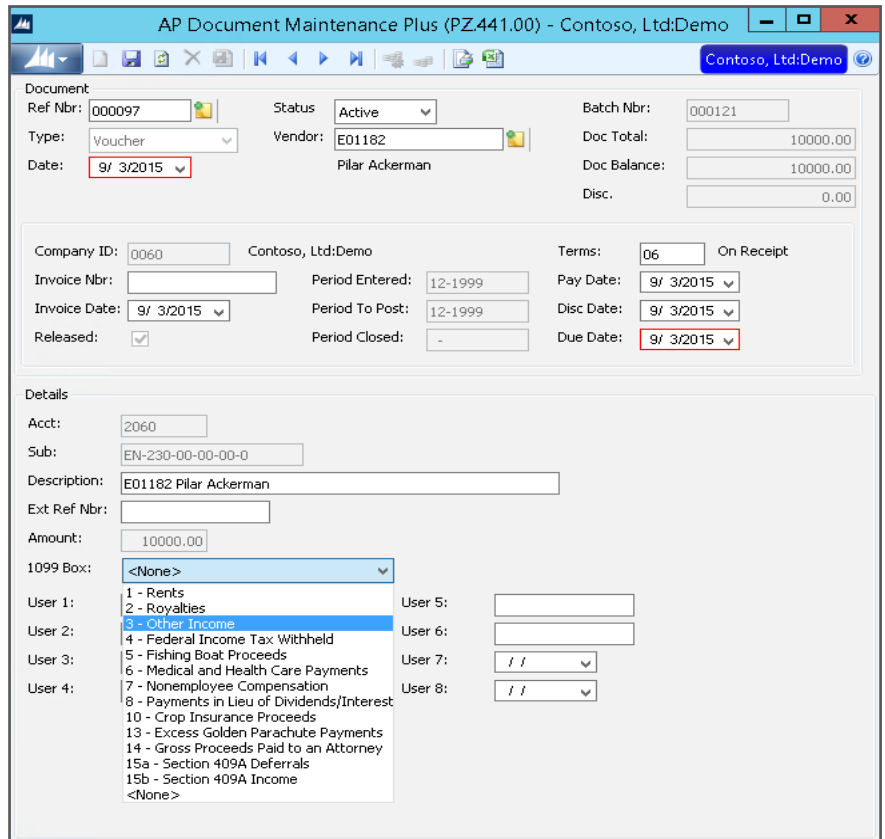

Use AP Document Maintenance Plus to view/posted AP Documents and then make changes to text fields that are normally inactive. In the AP Document Maintenance Plus screen, many inactive fields will become accessible so that you can modify text in those fields. GL is also updated automatically with the changes you make.

Find the information you need

Can view AP Documents, modify text fields in posted AP Documents, the General Ledger is updated automatically which saves time and money.

Improve personnel maintenance for your business by tracking, analyzing and protecting human resources from within Dynamics SL.

AP Doc Maintenance Plus Module simplifies the process of entering, viewing and editing non-financial accounts payable Information.

View AP documents, modify text fields in posted documents.

Update your 1099 form values after the batches have been released right from the screen.
