

## BENEFITS

### ● Manage invoice printing more effectively

AR Multi-Invoice Print/Email allows you to group invoices from Order Management, Flex Billing and AR to print or email.

### ● Process multiple customers at a time

Flexible product allows you to print multiple customers or one at a time.

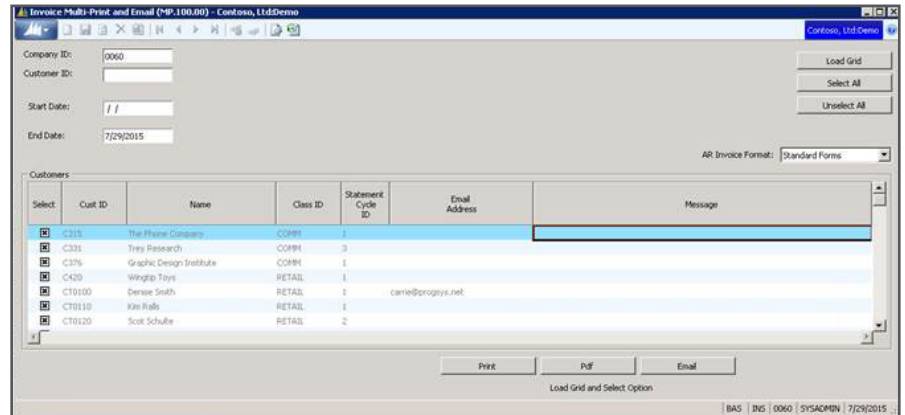

### ● Save Time and money

No more sending one email at a time to different contacts. AR Multi-Invoice Print/Email will send to all contacts listed for a client.

### ● Maintain Security

AR Multi-Invoice Print/Email uses Dynamics SL's standard security features, so access can be limited to specific users.

Print or email your invoices in batches from within Dynamics SL. AR Multi-Invoice Print/Email allows you to group invoices to print/pdf/email to clients! No more sending an email for every invoice!

## Easy to use Features

- Batch Invoices from Order Entry, AR and Project Billing in a single email
- Enter a date range to select Invoices to Process
- Select one or All Customers (will send to all contacts for selected customer)
- Output to printer/pdf or email
- Enter and maintain multiple contacts and email addresses for your customers
