# AVATAX CONNECTOR

By Plumbline Consulting, LLC.

Avalara, Inc., is a leading cloud-based software platform provider that delivers a broad and growing array of compliance solutions related to sales tax and other transaction taxes, such a value-added tax. We are happy to announce that Avalara's AvaTax solution is now connected with the best ERP solution, Microsoft Dynamics SL, with Plumbline Consulting's Microsoft Dynamics SL AvaTax Connector.

Worried that your taxes are being calculated correctly? Have you updated your tax information to make sure you have the latest tax rates? The connector for Avalara's online AvaTax system removes these issues with online, updated information able to calculate taxes down to the street address level.

Tired of maintaining 100's of tax codes? Microsoft Dynamics SL only needs one Tax ID to interact with the AvaTax service and to start delivering tax information to Microsoft Dynamics SL. AvaTax online reports provide you the details to file taxes, either by yourself or automatically through AvaTax.
